

Internship 2022

ForestView, a TDG company, is the Marketing Agency for the Connected Age.

Forestview grows brands to their customers' expectations. Its diverse, multidisciplinary teams build direct, data-rich consumer experiences across the touchpoints that matter, to enable effective brand storytelling, personal engagement and commerce.

We are looking for a seasoned, hands-on **Intern** to team up with ForestView's teams.

The successful candidate will be based at the TDG's Tech Hub in Patras.

Key Responsibilities

- Manage platforms (adserver) for setting up and supporting ad campaigns.
- Monitor the delivery and performance of advertising campaigns and create reports for both internal users and clients.
- Work with internal and external teams in order to understand, manage and resolve technical issues in the context of implementing the advertising actions.

We're looking for someone who

- Has an intellectual curiosity with a desire to work at the forefront of Digital Marketing and Commerce industries.
- Holds a BSc or MSc degree in Computer Engineering, Maths or in a related field (*selected candidates should have completed any University commitment*).
- Is passionate about e-Commerce or Digital Marketing.
- Displays an excellent knowledge of MS Office.
- Has excellent communication in English both verbal and in writing.
- Is an enthusiast about working in a modern workplace, dynamic, fast-paced and performance-driven environment.
- Enjoys being part of a team that works and grows together with a learning mindset.
